With their powerful blend of political and aesthetic concerns, Edward W. Said's writings have transformed the field of literary studies. This long-awaited collection of literary and cultural essays offers evidence of how much the fully engaged critical mind can contribute to the reservoir of value, thought, and action essential to our lives and culture.

"[Western Music and Its Others] will be taken as an important book signalling a new turn within the field. It takes the best features of traditional, rigorous scholarship and brings these to bear upon contemporary, more speculative questions. The level of theoretical sophistication is high. The studies within it are polemical and timely and of lasting scholarly value."--Will Straw, co-editor of Theory Rules: Art as Theory/ Theory and Art "The great value of this collection lies in the wealth of questions that it raises--questions that together crystallize the recent concerns of musicology with force and clarity. But it also lies in the authors' resistance to the easy 'postmodernist' answers that threaten to turn new musicology prematurely grey. The editors'

comprehensive, intellectually adventurous introduction exemplifies the sort of eager yet properly skeptical receptivity to scholarly innovation that fosters lasting disciplinary reform. It alone is worth the price of the book." --Richard Taruskin, author of *Stravinsky and the Russian Traditions: A Biography of the Works Through "Mavra"* "When cultural-studies methods first appeared in musicology 15 years ago, they triggered a storm of polemics that sometimes overshadowed the important issues being raised. As the canon wars recede, however, scholars are finding it possible to focus on the concerns that led them to cultural criticism in the first place: the study of music and its political meanings. *Western Music and Its Others* brings together leading musicologists, ethnomusicologists, and specialists in film and popular music to explore the ways European and North American musicians have drawn on or identified themselves in tension with the musical practices of Others. In a series of essays ranging from examination of the Orientalist tropes of early 20th-century Modernists to the tangled claims for ownership in today's World Music, the authors in this collection greatly advance both our knowledge of specific case studies and our intellectual awareness of the complexity and urgency of these problems. A timely intervention that should help push music studies to the next level." --Susan McClary, author of *Conventional Wisdom: The Content of Musical Form* (2000) "This collection provides a sophisticated model for using theory to interrogate music and music to interrogate theory. The essays both take up and challenge the dominance of notions of representation in cultural theory as they explore the relevance of the concepts of hybridity and otherness for contemporary art music. Sophisticated theory, erudite scholarship and a very real appreciation for the specificities of music make this a powerful and important addition to our understanding of both culture and music." --Lawrence Grossberg, author of *Dancing in Spite of Myself*

An ideal choice for courses that combine the study of two-dimensional and three-dimensional art, this book presents an analysis of the elements and principles of design as they apply to various fields of human design.

The debut of *Oklahoma!* in 1943 ushered in the modern era of Broadway musicals and was followed by a number of successes that have become beloved classics. Shows produced on Broadway during this decade include *Annie Get Your Gun*, *Brigadoon*, *Carousel*, *Finian 's Rainbow*, *Pal Joey*, *On the Town*, and *South Pacific*. Among the major performers of the decade were Alfred Drake, Gene Kelly, Mary Martin, and Ethel Merman, while other talents who contributed to shows include Irving Berlin, Gower Champion, Betty Comden, Adolph Green, Agnes de Mille, Lorenz Hart, Alan Jay Lerner, Frederick Loewe, Cole Porter, Jerome Robbins, Richard Rodgers, and Oscar Hammerstein II. In *The Complete Book of 1940s Broadway Musicals*, Dan Dietz examines every musical and revue that opened on Broadway during the 1940s. In addition to providing details on every hit and flop, this book includes revivals and one-man and one-woman shows. Each entry contains the following information: Opening and closing dates Plot summary Cast members Number of performances Names of all important personnel, including writers, composers, directors, choreographers, producers, and musical directors Musical numbers and the names of performers who introduced the songs Production data, including information about tryouts Source material Critical commentary Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, such as a discography, film versions, published scripts, Gilbert and Sullivan operettas, and non-musical productions that utilized

songs, dances, or background music. A treasure trove of information, The Complete Book of 1940s Broadway Musicals provides readers with a complete view of each show. This significant resource will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

Rates 1,000 movies and videos

"This study begins the documentation of the lost history of songs of the silent cinema. Part one chronologically lists and describes songs about movies created between 1896 and 1929. Part two provides an alphabetical list of movie stars, including a brief biography of each. Part three reviews the recordings of these songs"--Provided by publisher.
