head cleaning procedure

In comparison to large, overly detailed specialty texts, this practical new book is designed to give you the basic clinical steps of the most frequently performed orthopedic procedures -- all in a clear, reproducible, easy-to-follow format. For quick review before an operation, a handy refresher, teaching tool, or learning aid, it is ideal! Accompanied by hundreds of precise, hand-drawn diagrams, Key Techniques in Orthopaedic Surgery presents 50 surgical procedures, each laid out in a step-by-step format. This structure is designed to allow the reader to quickly read about an operative procedure and review the salient points, with special emphasis on the technique. Every chapter includes indications, contraindications, pre-
