dominated world are presented in an omnibus edition containing "Jurassic Park" and "The Lost World"

Before seeing Jurassic World film this June read the original, multimillion copy No. 1 bestselling thriller that inspired the first major motion picture Jurassic Park. On a remote jungle island, genetic engineers have created a dinosaur game park. An astonishing technique for recovering and cloning dinosaur DNA has been discovered. Now one of mankind's most thrilling fantasies has come true and the first dinosaurs that the Earth has seen in the time of man emerge. But, as always, there is a dark side to the fantasy and after a catastrophe destroys the park's defence systems, the scientists and tourists are left fighting for survival... With this masterful cross of science fiction and action-adventure, Michael Crichton created one of the biggest bestsellers of all time, turned by Steven Spielberg into the highest grossing blockbuster ever in 1993.

Six years after the secret disaster at Jurassic Park and the destruction of the dinosaurs, the dismantling of the park, and the closing of the island, rumors persist that some form of life has survived.

electrified fences for? The crash survivors are going to learn the hard way that a paramilitary group is occupying the premises. The soldiers all work for an enigmatic company called inGen. What is going on in this facility? What are they really up to on site C? Why is the archipelago marked as "maximum security prison" on the maps? Something out of this world is happening on Isla Matanceros, something beautiful and dangerous. Turner and his daughter are going to find themselves at the heart of a hazardous operation involving more than just politics and science. Groundbreaking medical treatments, futuristic food-processing solutions, mass rearing and technology patents are just the tip of the iceberg. What if inGen was hiding a far more spectacular discovery? A discovery that could change the world of genetics forever. But things will not go as planned and the survivors will have to face hardship as South American arms traffickers decide to visit the island. The threat is real. Go back to where it all began, 8 years before the events of Jurassic Park! Find out who the scientists, rangers and inGen workers involved in the creation of the iconic park were. The path is littered with pitfalls and, although the islands look magical, they also turn out to be deadly. Jurassic Park: Dead Islands introduces brand new characters encountering new dinosaur species in hostile territory. How will they tackle these terrifying situations? InGen creatures may be young, but they are definitely
