'This collection of essays on a rapidly developing topic is a valuable addition to the field and the editors must be congratulated on beginning to bring the area to the attention of thinkers and government (not necessarily the same thing), who are charged with dealing with the challenge of controlling private pension provision.' - Robin Ellison, Pensions

After Cooper Blake wakes from a serious car accident to find himself in the company of an attractive, tormented ghost, he keeps his visions to himself until he discovers that two of his peers also hide supernatural abilities.

This absorbing book uses nine in-depth case studies of actual city schools or districts to explore key issues in urban inclusive education.

Curl up with these " astonishingly good essays " about hair and its many meanings by Anne Lamott, Suleika Jaouad, Maria Hinojosa, Marita Golden, and more (People). Ask a woman about her hair, and she just might tell you the story of her life. Ask a whole bunch of women about their hair, and you could get a history of the world. The essays in Me, My Hair, and I are reflections and revelations about every aspect of women ' s lives from family, race, religion, and motherhood to culture, health, politics, and sexuality. They take place in African American kitchens, at Hindu Bengali weddings, and inside Hasidic Jewish homes. Also layered into these intimate reminiscences are tributes to influences from Farrah Fawcett to Botticelli ' s Venus. The long and the short of it is that our hair is our glory—and our nemesis, our history, our self-esteem, our joy, our mortality. Every woman knows that many things in life matter more than hair, but few bring as much pleasure as a really great hairdo. " A deliciously enlightening read, equal parts fun and poignant. " —Chicago Tribune " Explores a surprising range of issues, including identity, relationships, vanity, femininity, aging, and society. " —The New York Times " Untangles the many truths about hair, and the lives we lead underneath it. " —Pamela Druckerman, New York Times-bestselling author of Bringing Up Bébé " [A] splendid collection . . . By turns wry, tender, pointed, and laugh-out-loud funny. " —Publishers Weekly

It is the Dark Ages and something evil is stirring. A ship sailing from Noviomagus across the channel to Gaul is caught in a ferocious storm and dashed against the rocks. There are only two survivors of the wreck, both children, and they are tossed up on the shore with a mysterious trunk. An old man rescues them from the beach. He seemed to know they would be coming, and he also appears very interested in the trunk. They cannot escape what lies inside, it is both good and evil, but binds itself to their destiny and sets them on a path which they are forced to follow, and face what lies at the end.

You want ninety? Fine. I'll give you ninety. I'll give them to you coming and going. Teen rocker Ritchie Sudden is pretty sure his life has just jumped the shark. Except he hates being called a teen, his band doesn't play rock, and "jumping the shark" is yet another dumb cliché. Part of Ritchie wants to drop everything and walk away. Especially the part that's serving ninety days in a juvenile detention center. Telling the story of the year leading up to his arrest, Ritchie grabs readers by the throat before (politely) inviting them along for the (max-speed) ride. A battle of the bands looms. Dad split about five minutes before Mom's girlfriend moved in. There's the matter of trying to score with the dangerously hot Ravenna Woods while avoiding the dangerously huge Spence Proffer--not to mention just trying to forget what his sister, Beth, said the week before she died. Acclaimed author Sean Beaudoin's latest offering is raw, razor-sharp, and genuinely hilarious.

Entertaining, highly readable book pulses with the vernacular of young Americans from the end of the 19th century to the present. Alphabetical listings for each decade, plus fascinating sidebars about language and culture.
