The Life of Voices Bodies, Subjects and Dialogue

The Life of Voices illustrates how human voices have special significance as the place where mind and body collaborate to produce everyday speech. Hannah Rockwell links Russian semiotician Mikhail Bakhtin's philosophy of dialogue with French phenomenologist Maurice Merleau-Ponty's views of the relation between bodies and speech expression to develop a unique theory of communication and bodies.--[book cover].

13 December 2006. (2006-12-13) Bodies is a British television medical drama produced by Hat Trick Productions for the BBC. Created by Jed Mercurio, the series first broadcast on 23 June 2004, and is based on Mercurio's book of the same name. The series is centred on specialist registrar Rob Lake (Max Beesley), who starts in a new post in the Obstetrics and gynaecology department at the fictional South Central Infirmary, under the guidance of consultant obstetrician Roger Hurley (Patrick ...

The body and voice are two parts of the instrument that can be harnessed effectively using tried and tested method acting techniques. “How you move your body as an actor is one of the most important aspects of the whole job. I’ve devoted a lot of time and energy over the years to exploring all of the tools available to me, whether it’s my ...

Using Your Body and Voice | Method Acting

Some find voices and visions an important part of their life. Voices and visions are personally meaningful experiences that happen in the context of people’s lives. This context can include spiritual practice or religion, culture, traumatic life experiences, social injustice, physical illness and/or other difficulties.
