Understanding Comics – The Invisible Art is quintessential reading for those who appreciate comic books as a legitimate art form. It explores, with great authority, the method underlying the form of combining words and pictures in sequential art storytelling. So what does all that mean to folks who don ' t fall under the Art Nerd category?

Making Meaning 2012

When Understanding Comics first came out, I glommed onto it instantly and have benefited from its great storytelling technique. This time around, I bought the book for my daughter who is a writing major and comics artist and is enrolled this semester in a comics course. We are both thoroughly familiar with McCloud's substantial observations on the structure and logic of sequential art and ...
